

3rd Annual International Affairs Award

I am sure that many branches have had wonderful programs and/or projects highlighting international issues important to AAUW. Even if you do not have an IA chair, perhaps your book group has read a book highlighting international issues or one of your branch programs has been about women's issues on the international scene.

If you have an International Affairs Study Group, tell about the project (s). This is not a competitive award. The projects/programs will be published in the AAUW-IL State Convention book. All branches who participate will be given a "Certificate of Participation". Your participation will encourage other branches to provide IA programming.

Here are the criteria:

- How have your programs or projects made a difference in your community?
- Have you raised awareness of women's issues globally?
- Have you collaborated with other organizations in your area to raise awareness?
- How has the project or program influenced your branch? Were you able to increase your membership via this program or project?

Please send me your information in 500 words or less. Please send it as an attachment in Word.

Send it to Faye Marcus, by March 1. My email is fe.marcus@att.net.

Deadline for submission: February 15, 2012.
