

YOU ARE INVITED TO THE MAY 12th, 2008

Women = green

MEETING OF THE BLOOMINGTON-NORMAL BRANCH OF THE AMERICAN ASSOCIATION OF UNIVERSITY WOMEN (AAUW-BN)

THE TOPIC FOR THE 5:30-6:30 MEETING IS

“WHY WOMEN SHOULD GO GREEN”

by Carol A. Reitan

Carol A. Reitan will be the speaker and show us her passive solar house which is one of five she designed for people in McLean County- and also talk about other “GREEN” house issues. AAUW will meet on Monday, May 12, 2008 from 5:30-6:30 at 1319 Chadwick Drive, Normal, where Earl and Carol Reitan have lived for the past 26 years. The house was built during the last energy crisis! (Note: some stairs involved.)

Carol Reitan is a longtime community advocate for women's equality and serves on the Board of AAUW-BN as Co-Vice President for Membership. She is a professional social psychologist and was one of the founders of Collaborative Solutions Institute (CSI), a professional practice for healing relationships and enhancing life. Ms. Reitan is also a former Mayor of the Town of Normal.

This event is free and open to the public, members, and friends of AAUW-BN. Please e-mail car@reitan.info if you are able to come so we will have an idea of how many to plan on accommodating (as this is a relatively small home and we plan some snacks).

Directions to 1319 Chadwick Drive: Go north on Towanda past College Ave., past the apartments and Hanson (both on the left) to Chadwick Drive, turn west (left) on Chadwick for one block. The Reitan home is on the southwest corner of Chadwick Drive and Bentley. (If you go north on Towanda to Fort Jesse you have gone too far-turn around!) For help call Carol at 452-1681.

For information about these and other AAUW-BN community programming and educational initiatives, please visit our web site at: www.aauw-il.org/bloom
